**Subject:** RE: Potential Meeting Date

Sarah,

The CPG appreciates EPA's availability to reconvene with us. Since we last met, the CPG has submitted the draft RI report, draft FS report, and engaged in discussions on technical issues with EPA. We anticipate that the meeting will be at a high level, following up on discussions initiated during our February meeting and engaging on the path forward.

Best regards,  
Dawn

Dawn

Thank you. We were hoping for an agenda with some specifics. I suppose it goes without saying, but if the meeting attendees bring up particular issues, we are going to be hard pressed to respond with anything other than generalities.

**Subject:** FW: Potential Meeting Date

Sarah,

In follow-up to the below, please note that Rick Wroblewski of Givaudan and Karyllan Mack of BASF will also be attending the meeting, in addition to the following list I sent last week:

- Bill Hyatt - K&L Gates
- Dawn Monsen - K&L Gates
- Doug Reid Green - BASF
- Gary Fisher - Alcatel Lucent
- Jack Doherty - PSE&G
- Jay Stewart - Lowenstein Sandler
- Warren Faure - Sun Chemical

Also, in terms of the agenda, we agree that the meeting is in follow-up to the February meeting and to discuss status and next steps.

Thanks,  
Dawn

Dawn – Will the CPG be sending a meeting agenda for the meeting on May 28? We understand this to be a follow up to the meeting in February, which was arranged in response to Bill's letter of January 8, 2015 asking to meet in order to the discuss the 17-mile RI/FS. If there is something more specific you would like to raise, it would be helpful to know. Also, could you let us know who will be attending?

Thanks.

Dawn,

Thank you. I looked at Eric's schedule pretty carefully and the situation is grim. Once we have this on the calendar, I will go back to both Eric and Walter and see if they can find any time before then.

Sarah,

The CPG was disappointed to learn that EPA is unable to meet until May 28. If there is any way to meet earlier, we would appreciate it. If not, we accept the proposed date and time of May 28 from 2:15pm to 3:45pm.

Thanks,  
Dawn

Bill and Dawn – Eric's schedule is very difficult to work with these days. It looks like May 28 is the earliest we can make it. (Eric is out the first two weeks of May, which is part of the problem.)

The proposed time is 2:15 to 3:45 pm. If this works, I will go ahead and send an invitation and put it on the calendar.
